

YOU ARE WELCOME!

Are you a motorhome enthusiast? Would you like to discover the National Park while driving your motorhome? You are welcome!

Come and recharge your batteries amidst an abundant natural environment and magnificent landscapes, see wild animals, admire remarkable plants and trees, enjoy the tranquillity of the area, meet locals who love their territory.

Find out all there is to discover in the Cévennes National Park on: <http://destination.cevennes-parcnational.fr>

As with any motor vehicle, you may use the roads open to motorised traffic – and only those roads – and park **during the day**, in authorised parking areas, to the exclusion of any other location.

NB: Roads in the Cévennes are very often narrow and winding! Be careful.

WHAT IS A MOTORHOME?

The term "motorhome" refers to a **habitable recreational motor vehicle**, also known as an RV or camper van. Any van, lorry or other vehicle fitted out for camping is considered a motorhome.

THE CENTRAL ZONE OF THE NATIONAL PARK: A JEWEL TO BE PROTECTED

The National Park's central zone is home to its most remarkable fauna, flora, natural habitats and buildings. It is a marvellous and fragile jewel that must be preserved.

You can contribute to its protection by adopting the following rules of good conduct:

- ▶ respect the inhabitants (their properties, herds, the results of their labour), you are always on someone's land; use the motorhome service areas at your disposal;
- ▶ do not leave your rubbish in the wild, take it with you; no fires, barbecues or plancha; dogs only on a leash; do not dirty river water (with detergents); walk on the paths to avoid trampling on plants...

The National Park's central zone is marked by road signs ("Zone de Protection")

REGULATIONS FOR CAMPING IN THE NATIONAL PARK'S CENTRAL ZONE

To protect the National Park's central zone, **regulations** govern activities.

"Camping in a tent, vehicle, habitable trailer or any other shelter is prohibited in the central zone of the Cévennes National Park." (Decree of 12 December 2016 - art 1)

To avoid any risk of disturbance to wildlife, linked in particular to noise or artificial light, **night parking for motorhomes** is therefore only permitted on parking areas **located outside the National Park's central zone**.

Ask at a tourist office for a list to find the one that is most convenient for you.

Take note of the general regulations that apply in the central zone and of its limits at the Maisons du Parc information centres, tourist offices and at: www.cevennes-parcnational.fr

No camping

Dogs only on a leash

No fire

No waste

No noise or disturbance
